

The Contractor Advisory Board® is a group of building and construction contractors from across the United States, Canada, and other countries, spanning the residential, light commercial, heavy commercial, and industrial sectors of the building industry. It includes new construction as well as remodeling and retrofit. All types of contractors (general contractors, HVAC/R, electrical, tile and masonry, plumbing, landscaping, roofing, drywall, painting, pool, fencing, excavation, insulation, framing, glass, remodeling, siding, fire protection, environmental controls, security, etc.) are invited to join.

The Contractor Advisory Board® was established in 1999 and is English only.
